## BISHAN RIDGES

Located along the Kallang River and bounded by Bishan Street 13 and Bishan Street 14, Bishan Ridges comprises six residential blocks ranging from 22 to 39 storeys in height.

The name “Bishan Ridges” reflects the staggered arrangement of the residential blocks in varying heights, forming a ridge-like façade that maximises views towards the river and surrounding neighbourhood.

Inspired by its riverside location, the landscape design complements the existing flora and fauna along the Kallang River and is guided by the narrative of a “journey of water from hill to river.” A series of interconnected courtyards, viewing points, and facilities such as playgrounds, a hard court and fitness stations support multi-generational use.

A central precinct space and a generous green lawn by the river provide welcoming areas for residents to relax, socialise and stay active.
